One more question Annie, I cannot locate Nancy Brooks on the email list. Does she have a different name?

That is not a problem.

All you have to do is send an email or fax to the all the chemists involved and include the Lab#/s for the case and state you are looking for a discovery packet.

See example:

Hi Annie,

I was wondering if I could get a discovery packet on Lab # [REDACTED]. The defendants are [REDACTED]. Let me know if you need any other information from me. Thanks so much and hope all is well with you!

Annie,

Because you are great at answering my questions, I've got one for you. I was just told by a defense attorney that a chemist should supply her case file prior to testifying so the defense attorney can review it. I have never done that before. I have only had the Drug Cert and CV. Is that protocol? Do you guys provide that? Or can he go and view it on his own? What is the rule?
